

LEA 10.31.05 Pre-Rep Council Committee Report Update:

Health Care Committee: (Terry Mastrantonio, Chair)

The LEA Health Care Committee met on Monday, October 24, 2005. Aside from regular committee meeting business, the committee discussed CVT's commitment to providing the best health care coverage at the best price. We are aware that they participate in several programs to meet this objective, programs such as membership in the California Health Care Coalition, a pharmacy management program, and a disease management program.

Members of our committee will be working on two projects in the immediate future. One is an education plan whereby our members will be updated regularly on ways to effectively manage their health care, and investigation into other district's health care packages.

Our committee will meet again on Monday, December 5, 2005.

Social Committee: (Kathy Scarbrough & Sally Greenfield, Chairs)

Social Committee Representatives met with Mike Nagel from D.O. to discuss District Retirement Party on Wed., 5/24. LEA could send reps to help set up/clean up event. LEA would contribute \$1.00 per FTE toward the cost of the food. Last year it was a successful event held at Robert Livermore Community Center in the Cresta Blanca Ballroom.
